

## THE ROYAL PORTFOLIO

### Covid Testing in South Africa

Covid testing facilities are widely available throughout South Africa. We have however made specific arrangements at each of our hotels and lodges for our guests' convenience and peace of mind.

#### Birkenhead House

- There is a testing facility at the Hermanus Medi-Clinic which is a 10 minute drive from the hotel (tests are done between 09h00 - 13h00 and 14h00 - 16h00 on weekdays and 09h00 - 13h00 on weekends).
- The cost of the test is R850 per person.
- Results within 48 hours.

#### La Residence

- A registered nurse is available for on-site PCR or antigen testing in the comfort of your room. Tests are processed by Pathcare laboratories.
- The cost of the test is R1,700 per person or R1,600 per person for groups of 6 or more.
- Results within 12-48 hours depending on Pathcare capacities.
- We recommend scheduling the test 48-72 hours before your flight. In emergency situations, Nurse2u can offer express tests (results within 24 hours), subject to availability, for an extra R600 per person.

#### Royal Malewane

- Testing is done through Africa Safe-T.
- A medical representative is available for on-site testing.
- Cost of the test is R4,850 for the first guest and additional tests will be charged at R2,550 per person. Cost per couple would therefore be R7,400.
- Results delivered within 24 - 36 hours.

#### The Silo Hotel

- There are testing facilities within minutes of the hotel that operate on a first come, first serve basis. No bookings allowed. The cost is approximately R850 per person depending on the facility.
- Doctors are also available for on-site testing subject to availability. The cost is approximately R1,600 per person depending on the doctor.
- Results within 48 hours.

Our concierge teams are on hand at each property to assist with all Covid related tests and protocols. Please note that international visitors may require a copy of their passport at certain testing facilities.

DISCLAIMER: It is the responsibility of the guest to check the testing requirements for their destination(s). The Royal Portfolio and its employees accept no responsibility for test results not obtained in time for travelling and/or any resulting travel delays.
